

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS	)	
ADJUSTMENT FILING OF LOUISVILLE	)	CASE NO. 8924-O
GAS AND ELECTRIC COMPANY	)	

O R D E R

On June 25, 1984, the Commission issued its Order in Case No. 8924 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased or a refund is received. On January 7, 1985, the Commission issued its Order in Case No. 9133 providing for further adjustment of these rates on a quarterly basis in accordance with the provisions of the Gas Supply Cost Adjustment ("GSCA") clause set forth therein.

On July 8, 1987, Louisville Gas and Electric Company ("LG&E") filed its quarterly gas cost adjustment which is to become effective August 1, 1987, and is to remain in effect through October 31, 1987.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

(1) LG&E's notice of July 8, 1987, set out certain revisions in rates which LG&E proposed to place into effect, said rates being designed to pass on the wholesale increase in gas costs from its supplier in the amount of .205 cents per 100 cubic feet.

(2) LG&E's notice set out a total refund factor of 0.203 cents per 100 cubic feet. This includes a current quarter refund in the amount of \$83,530 or .02 cents per 100 cubic feet.

(3) LG&E proposed an actual adjustment of (1.29) cents per 100 cubic feet, a decrease of .292 cents per 100 cubic feet.

(4) LG&E proposed a balance adjustment in the amount of .29 cents per 100 cubic feet, a decrease of .033 cents per 100 cubic feet.

(5) LG&E proposed a total adjustment in the amount of (9.45) cents per 100 cubic feet, a decrease of .14 cents per 100 cubic feet. This decrease represents the combined effect of the supplier increase, actual, balance and refund adjustments.

(6) The adjustment in rates set out in the Appendix to this Order, determined under the GSCA provisions approved by the Commission in Case No. 8924 dated June 25, 1984, and Case No. 9133 dated January 7, 1985, is fair, just and reasonable and in the public interest and should be effective with gas supplied on and after August 1, 1987.

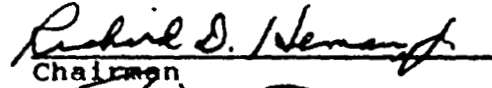

IT IS THEREFORE ORDERED that:

(1) The rates in the Appendix to this Order be and they hereby are authorized effective with gas supplied on and after August 1, 1987.

(2) Within 30 days from the date of this Order LG&E shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 21st day of July, 1987.
